Ways you can get involved

In order for us to be the best fan club in the OHL, we need your help. Below is a list of committees and activities we need help with during the 2008-2009 season. Please take a few minutes to review the committees and mark the corresponding box on your application of those you are interested in. You will be contacted by the Committee's Chair Person, as soon as possible.

With your help, we can be the best in the OHL.

Player Road Trip Snack Donations: We need donations of snacks for the long bus trips the players embark on. Snacks should be individually wrapped for freshness. You can bring your donations to the fan club table during any home game. If you want to help, but do not know what to donate, ask for a list suggestions at the Booster Club table.

50/50 Sales: Sellers need to be available before the game, during the first intermission or second intermission. The money from our 50/50 drawings goes directly to player awards, fan club activities and the Whalers' Education Fund. This is our biggest fundraiser.

Scrapbooks: This committee is responsible for the creating the scrapbooks given to the players for their end of the season gift. These books are a lot of work, but it is rewarding in the end. Creators do not need any experience in scrap-booking. Supplies are donated by the club. You can make a book for one player or attend our meetings to help on various books.

Other: We are searching for individuals to help out at events to keep things running smoothly. People needed for registration, raffles, etc.
