

HockeyMania Ticket Overview

Each ticket contains 3 random Hockey teams in each of the 16 weeks of the HockeyMania season - a different set of teams each week. No two tickets have the same 3 teams in any given week.

The total number of goals scored by the three teams determines the value of the ticket. If the teams on the ticket have one of the 4 highest or 2 lowest total combined goals scored among all the 4,060 different combinations of teams, then it wins! In case of ties, total shots on goal is used as a tiebreaker (the more shots on goal, the higher the score).

Each ticket holder has 6 chances to win a prize in each of the 16 weeks of the fundraiser plus a chance to win one of two grand prizes. That gives each ticket 42 total chances to win a prize throughout the fundraiser.
